

ORGL 522: Leadership, Community, Empowerment, Collaboration and Dialogue
Dr. Michael Carey

Course Description: How does the leader develop community to facilitate individual growth and collective flourishing? Through study, experience, and scholarship students explore and practice the leadership processes of empowerment, collaboration, and dialogue in the context of creating structures and processes for sustaining and transforming community. At the Benedictine Abbey students become participant observers in a five day immersion designed to explore, practice, and come to an expanded understanding of the role and purpose of the leader's involvement and commitment to building and sustaining meaningful and purposeful community.
